C-907 Cobweb – RGB meets Tempered Glass

A tempered glass front panel illuminated by three RGB fans with mesh grid insert makes the C-907 Cobweb a real eye-catcher. The large tempered glass side panel extends over the entire side of the case and offers insight into every corner of the interior. The effects of the three standard Argus RS-041 RGB fans can be controlled using a switch on the front, the supplied remote control or the 5V RGB header connection (addressable RGB LEDs). Space and connection options for additional, optional Argus RS-041 RGB fans, a choice of 120mm, 240mm or 280mm AiO water cooling as well as various installation options for 2.5" SSDs can be found in the spacious interior. The 3.5" hard drives are mounted in a separate cage, which is located in the separate power supply tunnel.

Removable dust filters are located in the top of the case and below the power supply unit, which protect the interior of the case from annoying dust and are easy to clean. The complete package of the C-907 Cobweb is rounded off by the standard USB 3.0, USB 3.0 Type C and USB 2.0 front ports above the front.

✓Tempered glass front panel with mesh grid insert
✓Tempered glass side window
✓Three 120mm RGB fans with remote control (expandable)
✓3pin RGB header connection for 5V RGB mainboard control

C-907 Cobweb

Specifications

Mainboard	ATX, µATX, ITX
Max. drive bays	5.25" external: 0
	3.5" external: 0
	3.5" internal: 2
	2.5" internal: 3
Front connectors	USB 3.0: 1
	USB 3.0 Type C: 1
	USB 2.0: 2
	Microphone: 1
	Speaker: 1
Cooling system	Front: 3x 120mm (serial, RGB, 5pin)
	Rear: 1x 120mm (optional)
	Top: 2x 120mm o. 140mm (optional)
Max. CPU cooler height	160mm
Max. Graphic card length	360mm
Packing units	Shipping unit: 1 piece
	Packing unit: 24 pieces
Warranty	24 Months
Article number	88881329
EAN-Code	4260455645102
Scope of delivery	Screw set
	Cable ties
	RGB-controller
	RF wireless remote
	Manual (german)
Features	Tempered glass front panel with mesh grid insert
	Tempered glass side window
	3x 120mm RGB fans Argus RS-041 as standard in the front
	Switching of the RGB effects either via buttons in the front or remote control
	3pin RGB header connection for 5V RGB mainboard control
	Guide screws for mounting the internal 3.5" hard drives
	Separate SSD bays behind the mainboard carrier
	Space for water cooling in the sizes 120mm, 240mm and 280mm
	Power supply space in the floor
	Openings for easy cable laying
	Easy to remove dust filter underneath the power supply and in the top
