The Eterno K-five Demon Hunter – The case for ambitious gamers

A sophisticated case from Inter-Tech, that delight any user.
In the lower part of the **K-five** is the decoupled power supply receptacle, that provides a vibration-free operation of the power supply. In addition to a standard 120mm fan on the back wall, the **K-five** offers numerous mounting options for additional fans with a maximum size up to 140mm. Two floor-mounted dust filters ensure clean air circulation inside the case. In addition, the case can be equipped with a water cooling system.

The sophisticated cooling concept and the quick and easy installation of components are one of the highlights of the **K-five**. Fasteners and decoupled mounting rails for screwless installation of all drives, **support mechanisms for extra-long graphics cards**, drive panels that can be removed by handle from the front, as well as the sophisticated cable management ensure smooth and easy installation of the hardware.

Other key features of the **K-five** are a 2.5" hdd cage, that offers space for up to four 2.5" SSDs and space for another 2.5" hdd in the bottom of the 3.5" cage.
The USB 3.0 interface, user-friendly located on the top of the case, provides a super-fast transfer of your data to external media such as USB sticks.

Errors excepted. No warranty for the correctness of the information Stand: 21.09.2015

Specifications

Motherboard	ATX, µATX
Drive Bays	5.25" external: 3/2*
	3.5" external: 0/1*
	3.5" internal:　4
	2.5" internal:　5
Front Connectors	USB 3.0:　2
	USB 2.0:　1
	Microphone:　1
	Headphone:　1
Cooling System	Front:　2x 120mm
	Rear: 1x 80mm or 120mm
	(1x 120mm included)
	Side: 2x 120mm or 140mm
	Top: 2x 120mm or 140mm
	Bottom: 1x 120mm
Packing Units	Shipping Unit: 1 Piece
	Palett: 18 Pieces
Guarantee and Warranty	Case 24 Months Warranty
Article Number	88881220
EAN-Code	4260133129078
Scope of Delivery	1x 120mm fan
	(3Pin connector)
	Mounting rails for 3.5" and 2.5" drives
	(decoupled)
	5.25" to 3.5" panel
	(for 3.5" external drive)
	Screw set
	Speaker
	Lock loop
	Cable ties
	Slot bracket
Features	Screw less mounting of all drives
	Exchangeable dust filters in the base
	PSU bracket at the bottom
	Pilot hole for water cooling system
	Integrated VGA card holder with rubber pads
	Intelligent cable management
	Stands
	Side panels attached with thumbscrews
	USB 3.0, USB 2.0 and audio connectors as block connector
	HD Audio compatible

*In use of an external 3.5" bay you will lose a 5.25" bay
(only possible with the 5.25" to 3.5" panel)
