Argus GD-PDLK02– The docking station with data encryption!

You are in possession of sensitive data? You want, that only you and no one else can have access to your data? Then our **Argus GD-PDLK02** is the right solution! You can comfortably transfer your data to a 2.5" or 3.5" HDD/SSD and then protect the drive with a 256-bit AES encryption.

Over the keypad you can set any code and thus make your data untouchable for others! If the hard drive will be removed and connected to another controller, the data can not be read! You can also protect as many hard drives with encryption as you want!

✓256-bit AES encryption
✓USB 3.0 interface
✓Aluminum design
✓antislip feet

Specifications

Hard drive interfaces	1x 2.5" or 3.5" S-ATA I, II, III
HDD capacity	Max. 16TB
External data interface	USB 3.0
Max. transfer rate	5Gbit/s
Supported operating systems	Win 2000/ME, XP, Vista, 7, 8, 10, 11 MAC OS 10.x or higher
Plug&Play	●
LED	Power/HDD activity (blue) Case unlocked/Key operation (green) Set/Change password (orange) Case locked/wrong password (red)
Power	External 12V power supply
Material	Aluminum
Netto-Dimensions (H/W/D)	80/105/145mm
Package-Dimensions (H/W/D)	145/140/180mm
Weight netto	315g
Weight gross	630g
Packing units	1/12
Guarantee and Warranty	24 months guarantee
Article Number	88884070
EAN-Code	4260455640329
Scope of Delivery	USB 3.0 cable type B External 12V power supply Manual (German & English)
Features	AES 256-bit hardware encryption Integrated numeric keypad Screwless HDD mounting
