

KM-206R

With the vertical, wireless KM-206R right-handed mouse, tension in the hand is a thing of the past. The vertical-ergonomic design ensures a natural and tension-free hand position and actively supports you during longer work on the PC.

In addition to the large-sized buttons, the three-level, adjustable at the touch of a button sensor (up to 1600dpi) ensures a precise work. The ON/OFF switch on the underside offers the option of deactivating the mouse after work. The high-quality silk-touch coating and the integrated 2.4 GHz USB nano receiver complete the overall picture of the vertical mouse.

- ✓ wireless right-handed vertical mouse
- ✓ ergonomic shape for a tension-free hand position
- ✓ four-stage sensor with up to 1600dpi
- ✓ high quality silk-touch coating
