### MTH-200

#### MTH-200 - Bicycle holder for smartphones

With the MTH-200 bike mount, which features a very easy and secure rubber mount in combination with a clamp mount, you can use your smartphone as a navigation device while on the move, keep your hands on the handlebars and concentrate on the traffic and the surroundings.

The four corners of the smartphone are simply enclosed with the enclosed rubber bracket and placed in the padded bracket, which is then attached to the bicycle handlebar with the clamp. The holder can be rotated through 360°, so that you are free to use the smartphone horizontally or vertically.

- ✓ Light bike mount for smartphones
- ✓ Secure hold of the smartphone, even on rough surfaces
- ✓ Easy attachment to the bicycle handlebar
- ✓ 360° rotatable

## MTH-200
