IT-3900 NUC Black

You are dreaming of one computer, which is so small and inconspicuous that you will not consider it to be such a case. Then a **NUC** (Intel® **N**ext **U**nit of **C**omputing)-**PC** is exactly what you want! With a mainboard format of just 10x10cm (about one third of the area of a Mini ITX mainboard) the whole system needs space less than half a DIN-A4 page!

If you are looking for an alternative case for your complete NUC-PCs, then our **IT-3900 NUC Black**, which is made of 2.5mm aluminum, would be the best choice! The matt black surface as well as polished edges offers a fine design.

The case provides the option to mount two different Intel® NUC mainboards and to build your compact PC with just few steps. The standard openings for USB, HDMI und LAN ports admit an exact mounting of mainboard. The case is completed through the included 60W power supply as well as a VESA bracket*, which allows the mounting of the case on the back of monitor.

Specification

Form Factor	UCFF
Compatible Motherboards	Intel® DCP847SKE Intel® D33217GKE
Opening Front	1x USB
Opening Rear	1x Power 2x USB 2x HDMI 1x LAN
Control	LED Power Button
Material	2.5mm Aluminum
Packing Units	Shipping Unit: 1 Piece Packing Unit: 20 Pieces
Guarantee and Warranty	Case 24 Months Warranty
Artikelnummer	88881188
EAN-Code	4260133125889
Scope of Delivery	Screw Set VESA Bracket* 60W external PSU
Features	2.5mm thick aluminum case Rubber feet

*The screws for the mounting of VESA bracket behind the monitor are not included.
