ITX A60

The Mini-ITX case A60 by Inter-Tech - modern, stylish and strikingly practical. Completely made of aluminum, it also offers a perfect, thermal relief through various ventilation openings. Its simple design language also makes it look timelessly elegant.

Systems based on Mini-ITX can be designed very energy-saving, so that the standard, external 60W power supply is usually sufficient to run a powerful ITX computer. However, the internal Mini-ITX PSU board is able to handle input voltages of up to 120W.

- ✓ Robust full aluminum case
- ✓ Space-saving height
- ✓ including 60W power supply
- ✓ high quality feet, chrome plated
