

MI-008 ITX - small but great!

Despite its compact size, this Mini-ITX housing offers you the option of installing an external 5.25 "(DVD / CD). By removing the U-shaped cover, all components can be installed easily and conveniently. Grid openings on the sides of the lid as well as on the back of the housing enable a constant air flow, which offers good cooling for the built-in equipment.

The housing offers the possibility of installing an SFX power supply. Front connections with 2x USB 3.0 and HD audio complete the positive picture of the case.

- ✓ 2x USB 3.0
- ✓ Mounting options for 3.5" drives
- ✓ Piano finish look
- ✓ Compact design
