IM-1 Pocket - small but powerful!

Despite its compact design, the IM-1 Pocket is a real miracle of equipment and a real eye-catcher with its high-quality paint in anthracite! It offers the option of vertical or horizontal dual-slot graphics cards up to a length of 335mm, in combination with a SFX power supply. Alternatively, an ATX power supply can be installed instead of the SFX power supply.

Thanks to the innovative, screwless attachment of the side panels, installing and maintaining the hardware is a snap! There was also no cut in the number of slots for 2.5" SSDs and 3.5" HDDs. The IM-1 Pocket offers space for up to a total of 5x 3.5" HDDs or 7x 2.5" SSDs, depending on the configuration. A total of 7 fan installation locations are available, most of them can be placed behind easy-to-clean dust filters and, thanks to the large air inlets, a great exchange of air in the case is guaranteed.

Another highlight is the ability to invert the case. This means that both the top and the bottom can be exchanged with one another in order to ensure that the case can be turned upside down and the mainboard carrier moves to the opposite side. If that's not enough, you can choose to install a 120mm or 240mm AiO water cooling. The two upward-facing USB 3.0 ports round off the overall package of the space miracle.

✓SFX or ATX power supply assembly possible
✓Dual-slot graphics cards up to 335mm in length
✓7 fan slots
✓Up to 5x 3.5" HDD and 7x 2.5" SSD possible

Specifications

Mainboard	µATX, ITX
Max. drive bays	5.25" external: 0
	3.5" external: 0
	3.5" internal: 5*
	2.5" internal: 7*
Front connectors	USB 3.0: 2
	USB 2.0: 0
	Microphone: 1
	Speaker: 1
Cooling system	Top: 2x 120mm
	(optional)
	Bottom: 2x 120mm
	(optional)
	Side panel: 2x 120mm or 2x 140mm*
	(optional)
	Rear: 1x 80mm
	(optional)
Max. CPU cooler height	155mm*
	(without side fan plate, graphics card horizontal)
	88mm*
	(when installing a vertical graphics card)
Max. Graphic card length	335mm*
	(with SFX power supply, mounted on the side)
	245mm*
	(when installing an ATX power supply)
Packing units	Shipping unit: 1 piece
	Packing unit: 30 pieces
Warranty	24 Months
Article number	88881344
EAN-Code	4260455646581
Scope of delivery	Screw set
	Cable ties
	Speaker
	Manual
	(german)
Features	Compact case with up to 7 fan slots*
	Large air inlets all over the case
	Dust filter in the side parts, in the top and in the bottom
	Space for up to 5x 3.5" HDD*
	(2x in the bottom, 2x in the side fan plate and 1x on the SFX power supply frame)
	Space for up to 7x 2.5" SSD*
	(2x in the bottom, 2x in the side fan plate, 2x behind the front and 1x on the SFX power supply frame)
	ATX or SFX power supply installation possible
	SFX power supply frame can be placed on the side or behind the front
	Innovative, screwless fastening of the side parts and the front panel
	Space for water cooling in the sizes 120mm and 240mm*
	Installation options for dual-slot graphics cards*
	(2x horizontal or 1x vertical (riser cable not included)
	Case invertible
	Two USB 3.0 front ports
	High quality paint in anthracite

** the values may differ in certain combinations*

⚠️ Please note that due to the versatile configuration options in the IM-1 Pocket, certain combinations of the listed components are not possible. If you are unsure whether your configuration is possible, please contact our support team at www.inter-tech.de.
