

Model: C-703 Vision

Art.: 88881364

The C-703 Vision is a timeless Gaming case.

The C-703 Vision is a perfect Show-Case to set the hardware in scene. Thanks to the large front and side panels made of tempered glass, which can be opened without tools using a magnetic catch, the case offers a great view of the interior - both from the front and from the side. There are 10 installation slots for fans available. These can be equipped with 120mm fan or partially with 140mm fans alternatively or with AiO water cooling in the sizes 120mm, 140mm, 240mm, 280mm or 360mm.

Further the C-703 Vision offers mounting space for three 2.5" SSDs and two 3.5" HDDs in a separate mount. The power supply, as well as remaining or overlong cables, is hidden behind the Mainboard holder.

Integrated and easy to remove dust filters in cap and base protect the interior from dust. External connectors are placed on top of the case and are easy to reach.
