

Model: IM-2 Expander

Art.: 88881368

The IM-2 is a real master of metamorphosis.

- Unlimited, optional extensions for hard drives or fans can be added at the top or bottom of the case.
- Top and bottom of the case can be interchanged to use the case upside down.
- Even the front connectors can be changed from right down to left up.
- And also the choice of the power supply is free between ATX and SFX.

A built-in graphics card holder and a SuperSpeed 10Gbps USB Type C port on the front complete the case.

The case will be delivered with one extension by default.
