

## **IPC 3U-30255**

The **IPC 3U-30255** is the perfect rack for a low-priced server system. The excellent quality of the materials combined with superb workmanship establishes the basis for a very variable case.

The **IPC 3U-30255** provides the possibility to remove the two HDD cages on both sides and therefore to mount up to six 5.25" external hard drives. In the middle four external 3.5" HDDs are also available.

Four 120mm fans guarantee an optimal cooling. Two easily accessible USB 3.0 front ports in the front and the lid with two snap-in closures complete the package.
