The **KVM AS-9104HA HDMI** is a professional 4-port KVM switch. It is mainly used in server cabinets in which several servers are installed, which can be operated centrally via the **KVM AS-9104HA HDMI** with a keyboard, mouse and monitor thanks to the integrated switching option.

The integrated password protection prevents access to keyboard and monitor and additionally secures your servers against unauthorised operation.

The KVM is connected to the computer via USB and HDMI using the 4 connection cables supplied.

Errors excepted. No warranty for the correctness of the information State: 01.10.2020

Specifications
