High-performance server tower with extensive expansion options

This professional server tower case has been specially designed for powerful server and workstation configurations. It offers outstanding flexibility, generous space for components, and is ideal for demanding IT environments.

Drive capacity:

- Up to **2x 5.25" drives** – e.g. for hot-swap frames, removable frames, or other devices
- Up to **8x 3.5" hard drives** – ideal for large storage configurations

Expansion cards:

- Space for **8 expansion slots** – for GPU, RAID, network, or other PCIe cards

Motherboard compatibility:

- Supports **mainboards up to E-ATX** (Extended ATX)

Other:

- **5 built-in fans** for optimal airflow
- **Case open switch** and **UID LED** on the front, especially for administrators.

Features		Mainboards up to E-ATX 5 fans as standard 8 slot brackets Case open switch UID LED Can be used vertically and horizontally
